Site visits for highschool students (Matching form)

General Affairs Section, RIKEN Kobe Branch

Thank you for applying for a site visit to the RIKEN BDR. To ensure we can arrange a visit to suit your needs, please fill in the matching form below.

School name			
Contact person		Subject in charge	

How does this site visit fit into your school's annual curriculum?
(Please provide as much information as possible and also send any relevant documents with the form.)

What preparatory lessons before or follow-up lessons after the site visit are you planning?
(Please describe below.)

Please provide as much detail as possible regarding the students who will be participating in the visit.
e.g. How they are selected, knowledge level of science subjects, etc.

What other contents do you have planned for your training program aside from visiting BDR?
Please provide details about the overview of the program or scheduled visits to other institutions, if any.

Would you be willing to have your students complete and submit a preparatory assignment one-week before the scheduled visit?
Yes No
